

Concentrated De-Scaler

Descaling liquid

Description

Concentrate De-scaler is concentrated acidic cleaner to remove scales.

Key properties

- Removes lime scales from kitchen fittings, equipment like dishwashing machines.
- Suitable for steamers, water heaters, kettles, tea and coffee urns.
- Used for pipelines, sinks and washroom floors.

Benefits

- Formulated for effective cleaning.
- Removes different types of scales from the fittings, pipelines and floors.
- Exhibits corrosion inhibitor properties by passivating the metal surfaces.
- No odour.
- Removes all stains including water stains / marks from the fittings and gives sparkling surface of the fittings.

Use instructions

Dosage –

Dosage varies based on the scaling intensity – Normal

scaling – 100 ml in 1 liter water (10% v/v)

Heavy scaling – 500 ml in 1 liter water (50% v/v)

Directions for use

Equipment – Dismantle the equipment and soak in the diluted solution of the K'TRiQ Concentrate descaler. For normal scaling 10 minutes enough.

For heave scaling, use 60°C hot solution and soak for 30 minutes or circulate the water through equipment.

For pipelines, normally, use 20% (v/v) solution to remove the inside scaling. Fill the pipeline with the diluted solution and keep for 10 minutes. Connect to the normal water supply and open all taps to flush out the solution and scaling from the pipelines. For heavy scaling concentration to be increased.

For effectiveness, carry out descaling at least once in a month.

Technical Data

Appearance	Clear to pale yellow liquid free from extraneous matter.
Specific gravity (@25°C)	1.20 ± 0.10
pH neat	1.0 – 2.0
Odour	Characteristics

The above data is just indication and standard production data.
These values should not be treated as final product specification.

Safe handling & Storage information

Safe handling

Refer Material safety data sheet for safe handling and if product become in contact with body part or ingestion in the body.

After expiry, please refer material safety data sheet for disposal of the product.

Corrosive

Storage information

Store product in cool and dry place.

Available pack size

2 X 5 liter

Factory Address

SGS Herbals Pvt. Ltd.

Village – Khera Nehla, Tehsil – Nalagarh,

Dist. – Solan, Himachal Pradesh

174101
