

## ***K12 Carpet Detergent***

Formulated for Carpet cleaning

### **Description**

Deep cleaning of carpets and upholstery with spray injection / extraction method and for the removal of spots / stains with the help of rinsing method.

### **Key properties**

- Effectively remove water soluble and greasy / oily soil.
- Mild alkaline, gentle to carpet and upholstery fabrics. □ Low foaming and pleasant fragrance..

### **Benefits**

- Practically neutral pH.
- Gentle to fibres
- Pleasant Fragrance

### **Use instructions**

#### ***Preparation –***

Pre-clean of heavy traffic areas with a carpet pile brush and vacuum the entire carpet. Or brush vacuum the entire carpet. Removes spots / stains according to K'TRIQ maintenance instructions for textile floor coverings. Prepare fabrics accordingly.

#### ***Dosage –***

#### ***Dilution –***

**Light soiling** – 500 ml K12 in 10 liter water (5% solution)

**Heavy soiling** – 1 liter in K12 in 10 liter water (10% solution)

### **Directions for use**

Dilute in the given proportion for normal cleaning.

For tough stains, oily and greasy / dirt, concentration to be increased to have better efficacy, but limited to maximum concentration in each category. If concentration requires more, specialised cleaning solution from K'TRIQ range to be used.

### **Application**

Fill spray bottle with required dilution of K12 and pre – spray the carpet (do not spray more than 40 – 50 m<sup>2</sup> at a time). Don't allow the pre-sprayed area to dry. Clean the entire area with the appropriate injection / extraction machine.

### **Production consumption –**

1 liter K12 Carpet Shampoo for 100 – 200 m<sup>2</sup> (depending on carpet type and product dilution).

### **Machine Tools –**

Vacuum or brush vacuum cleaner  
Portable spray device  
Injection / extraction machine  
Carpet pile brush

### **Technical Data**

Specific gravity (@25°C)	1.00 ± 0.10
pH neat	7.0 – 9.0
Odour	Pleasant and lingering odour

The above data is just indication and standard production data.  
These values should not be treated as final product specification.

### **Safe handling & Storage information**

#### **Safe handling**
