Use instructions

Dosage –

Normal soiling –

50 - 100 ml in 1000 ml of water.

Directions for use

Spray diluted product on the clean cloth / sponge.

Apply K9 on all surfaces to be cleaned (sink, tub and tiles). Mild scrub to remove, dirt, stains.

Special attention required for tabs, soap holders and other metal surfaces. Rinse the applied surface with plain water. Flush handles, toilet seat covers, and outer bowl to be cleaned and wiped with K9 after toilet bowl cleaned.

All metal surfaces can be polished with dry cloth leaving them clean and free from smears.

Daily maintenance K9 can also be used with spray and wipe method.

Precaution –

1. Don't use on acid – sensitive surfaces.
2. Rinse and dry hands after each usage.
