

Multi Plus

All Purpose Cleaner Concentrate

Description

Single solution for Kitchen and Room care – starts with Dishwashing, floor cleaning, Hard surface cleaning and ends with Glass and Vehicle cleaning.

Key properties

- Removes all types of dirt, dust and stains.
- Can be applied on all types of soiled utensils.
- De – greasing properties.

Benefits

- **Dishwashing** – Mild and Gentle on cutlery but harsh for stubborn soils, easy to rinse, saves water and safe on hands.
- **Floor Cleaning** – Applicable for all types of floor types viz marble, granite, vinyl etc. Pleasant odour and stays after cleaning.
- **Hard surface cleaning** – Can be used on Home appliances like laminates, TV, computers, telephones, and other plastic surfaces. Leaves surface clean and shining without any scratches.
- **Glass cleaning** – Sparkling clean without any scratches or streaks. Remove greasy stains easily.
- **Vehicle cleaning** – Soft on vehicle colour and shining, Suitable for seat covers, dash board and interiors.

Use instructions

Concentration varies from application to application. Within application it also depends on the soiled level and cleaning requirement.

Dosage – Dishwashing

–

Use concentration 2 to 5%. Add 20 ml of K'TRiQ Multi to 1 liter hand hot – water.

1. Utensils to be soaked in tray filled with K'TRiQ Multi solution.
2. Use scrubber to clean the soil.
3. Soak in rinse tank.
4. Sanitise in tank filled with sanitiser solution.

Floor Cleaning –

Use concentration 1.5%.

1. Prepare 1.5% solution of K'TRiQ Multi in a bucket of water.
2. Mop the floor and rinse with the water.
3. Concentration can be increased if soiling is more.

Hard surface Cleaning – Use concentration 1%.

1. Prepare 1% solution in spray bottle.
2. Spray on the surface to be cleaned and wipe with soft and clean cotton cloth.

Glass Cleaning –

Use concentration 0.2% maximum.

1. Prepare solution in spray bottle.
2. Spray on the glass to be cleaned and wipe with soft and clean cotton cloth.

Vehicle Cleaning –

Use concentration 1% in warm water.

1. Wash the car with the solution.
2. Wipe with clean and dry cotton cloth.

Caution – To protect the shine, do not use higher concentration.

For windshield, fill the wiper water reservoir with 0.2% solution and use as windshield sprayer.

Directions for use

Dilute in the given proportion for normal cleaning.

For tough stains, oily and greasy / dirt, concentration to be increased to have better efficacy, but limited to maximum concentration in each category. If concentration requires more, specialised cleaning solution from K'TRiQ range to be used.

Application

1. Make homogenous dilution using clean water in the bucket / tuff.
2. Using SGS Herbals scrubber / cotton cloth provided to clean and wipe out the soiled surfaces.
